Treatment of Account

Committer will not allow anyone other than the Committer to use the Repoze.org username or source repository login to access a Repoze source repository or other Repoze.org systems. Should Committer become aware of any such use, Committer will immediately notify Agendaless Consulting in

the manner specified at the Repoze.org website's Committer's instructions page. Until such notice is received, Committer will be presumed to have taken all actions made through Committer's account. Agendaless Consulting will have complete control and discretion over capabilities assigned to Committer's account, and may disable Committer's account for any reason at any time. Committer's name and account will be visible worldwide via the Internet.

Legal Effect of Contribution

Upon committing a change or new work to the Repoze source Repository (a "Contribution"), you agree to assign, and hereby do assign, a one-half interest of all right, title and interest in and to copyright and other intellectual property rights with respect to your new and original portions of the Contribution to Agendaless Consulting. You and Agendaless Consulting each agree that the other shall be free to exercise any and all exclusive rights in and to the Contribution, without accounting to one another, including without limitation, the right to license the Contribution to others under the Repoze Public License. This agreement shall run with title to the Contribution. Agendaless Consulting does not convey to you any right, title or interest in or to the Program or such portions of the Contribution that were taken from the Program. Your transmission of a password to the Repoze source Repository and marks of identification within the Contribution itself constitute your authentication of intent to contribute and your assignment of the work in accordance with the provisions of this Agreement.

License Terms

Code committed to the Repoze source repository (Committed Code) must be governed by the Repoze Public License (RPL) or another license acceptable to both Agendaless Consulting and the Open Source Initiative. Committer will verify that Committed Code contains the text of another license acceptable to both Agendaless Consulting and the Open Source Initiative. Until Agendaless Consulting declares in writing a license other than

the RPL, only the RPL shall be used.

Representations, Warranty, and Indemnification

Committer represents and warrants that the Committed Code does not violate the rights of any person or entity, and that the Committer has legal authority to enter into this Agreement and legal authority over Contributed Code. Further, Committer indemnifies Agendaless Consulting against violations.

Cryptography

Committer understands that cryptographic code may be subject to government regulations with which Agendaless Consulting and/or entities using Committed Code must comply. Any code which contains any of the items listed below must either be checked-in to Repoze module explicitly identified as containing cryptography, or must not be checked-in until Agendaless Consulting staff has been notified and has approved such contribution in writing. Cryptographic capabilities or features; or Calls to cryptographic features; or User interface elements which provide context relating to cryptography; or Code which may, under casual inspection, appear to be cryptographic.

Notices

Committer confirms that any notices required will be included in any Committed Code.
